**This Month's Speaker:**

Chris Clark

The first Type 1 Diabetic to complete the Ultraman Florida Race, Chris Clark is an enthusiastic athlete, coach, and health advocate. The former FSU collegiate swimmer picked up biking and running after being diagnosed with Type 1 diabetes and hearing two Type 1 diabetic triathletes speak about training with T1D.

Chris journeyed from triathlons to endurance events to ultra-endurance events, finishing 6th in the 2015 Ultraman Florida competition, and now has his sights set on a few more ultra-endurance events around the world. He is a sponsored athlete for Team Novo-Nordisk.

A major part of Chris’s life that ties together his work, training, and volunteering, is his advocacy of Type 1 Diabetes education and research. Chris hopes to inspire, educate, and empower fellow T1D athletes and their supporters. He’s been a keynote speaker at numerous ADA events in south Florida, involved with numerous ADA and JDRF events in South Carolina, where he previously lived, as well as in Tallahassee and south Florida.

**ST. MARKS DUATHLON RECAP**

Well, the St. Marks Duathlon has come and gone. It was a great success due to the time given by all of the selfless volunteers and the top notch racing put on by all of the participants. It saw its youngest competitor at 15 years old and the oldest competitor at 84 years old. There were over 110 competitors in the race. The weather held off and turned into a beautiful day. Many made it to Riverside Cafe to receive the local honey awards and enjoy post race socializing.

We look forward to next year being even bigger and better and want to get as many of you out there as possible. To see the race results, click [HERE](#).
